

MY FIRST DAY AT UET

Do you remember your first day in the university? Well, I remember my first day I was waiting all the summer to enter at the university. I felt excited and at the same time I was very nervous because it was my first day in the university and I didn't know any person.

I was very excited when I got admission in **University of Engineering and Technology LHR**. I was very enthusiastic about it. I was feeling like a bird flying in the sky. I have very exciting plans for my upcoming life of university. I am well prepared and looking forward for my new destination.

My first day in university was a memorable one. With full enthusiasm I reached university. I didn't know how to arrive to my classroom. I was lost and I had to ask one person about the building where I was going to take classes. This person was very nice and told me the right direction.

I am very excited but a bit confused because of ragging. I became the victim of **ragging** early in the day. Seniors asked me to introduce myself with a funny phrase at the end of every sentence. I did so. It was a bit embarrassing but I enjoyed it. It is the part of university life.

Then I went to the my department where a welcome orientation was arranged for us. I enjoyed it very much. The seniors had arranged some games for us. Then the teachers guided us about university life and regulations of university. After that we visited the whole university. We also take some memorable photographs. The lunch was arranged for us. We took lunch. After lunch there was a music concert. We enjoyed it very much. Then again some seniors victimized us for ragging. They asked us to put our bags on our heads and walk. We did so.

Then our introductory lectures started. The professors guided us about their subjects. They told us the theme and marks distribution of subjects. They also motivated us. Next we went to Annexe because of its very famous panga shake. It took us 30 minutes to find that place. Then we found a group of seniors. They ask us to introduce ourselves in Urdu. In beginning we thought that it is very easy but we found it difficult when we don't know the meaning of some English words in Urdu.

After that we visited the whole university through university bus. We went to **cafeteria, mosque, play ground and library**. In the evening I went home through university bus with a lot of golden memories. It was really a memorable day of my life.
